

BIOluminance™ HYDROTHERAPY SYSTEM

A Revolution in Facial Hydration

The secret to brighter, more youthful, radiant skin is escaping you.

Lock it in. Moisture is constantly evaporating from your skin, which can result in a dull, dark complexion, and a host of related dehydration issues. Introducing a new hydration mask that locks in valuable moisture and oxygen, and assists with returning normal pallor to the skin using clinically proven silicone gel sheeting. The BIO-luminance™ Hydrotherapy Masque simply and effectively helps to diminish dry skin & fine lines, and leaves you with a plump, dewy complexion. BIO-luminance contains absolutely no chemicals that will be absorbed by your skin. BIO-luminance boosts natural skin repair through pure oxygen and water. It is dye & alcohol free, hypoallergenic & non-comedogenic.

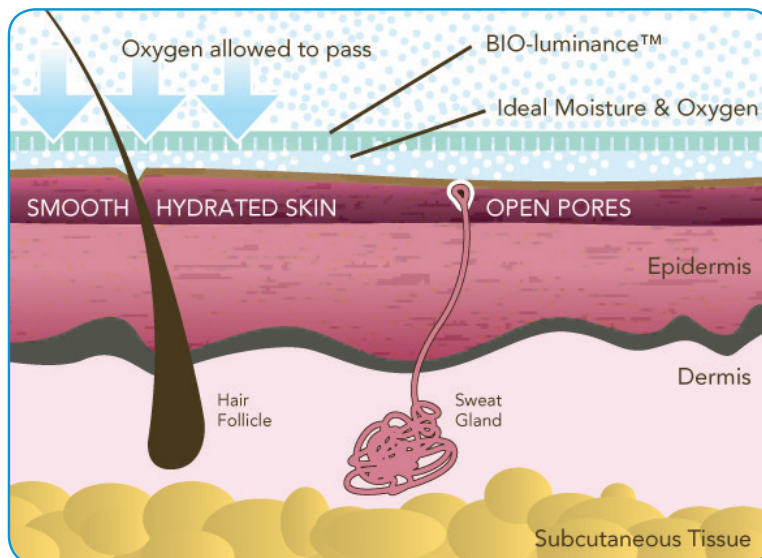

The difference

- No more messy creams!
- Uses body's natural hydration system to soften & hydrate dry, tired skin
- Ideal oxygen & moisture balance
- Gently adheres to remain comfortably in position
- Proprietary, 100% silicone gel sheeting
- Imparts no chemicals to the skin
- Oil, dye and fragrance FREE
- For ALL skin types & beauty regimens
- Wash & dry – reusable up to 28 times
- No special product care required

BETTER RESULTS. GREAT VALUE!

“How does it work?”

Silicone gel sheeting creates a semi-permeable layer over the skin that allows oxygen to penetrate while holding precious moisture in, creating the optimum oxygen and moisture balance for healthy skin. The illustration below details the effects of BIO-luminance on dermal hydration levels. The hydrating effects of BIO-luminance are typically maximized within a 2 hour period.
